MT TOLMIE PARK

In Saanich off Cedar Hill Cross Road

Mt Tolmie offers an elevated vantage point with minimal light pollution, providing expansive views of the night sky. It's easy accessibility and open space make it an ideal spot for stargazing enthusiasts.

CATTLE POINT

In Oak Bay off Beach Drive

Cattle Point, part of the Oak Bay waterfront, is known for its dark skies and unobstructed views overlooking Victoria's beautiful coastline. Its location offers a serene environment perfect for observing celestial events and constellations.

CENTRE OF THE UNIVERSE

5071 W Saanich Rd

Located at the Dominion Astrophysical Observatory, the Centre of the Universe provides expert-led stargazing sessions and access to powerful telescopes. Its altitude and advanced equipment ensure a remarkable stargazing experience.

GONZALES HILL REGIONAL PARK

340 Denison Rd

Gonzales Hill Regional Park, nestled in a quiet residential area, offers a peaceful setting with clear views of the night sky. The park's low light pollution and open grassy areas make it a favorite for casual stargazers.

ADVENTURE KIT

For those new to night sky observation, a good pair of binoculars can significantly enhance your experience. As you grow more passionate, investing in a quality telescope will bring distant galaxies and nebulae within sight. Don't forget a comfortable chair or mat for extended viewing, a warm blanket, and a red-light flashlight to navigate the darkness without disrupting your night vision.

For an even more enchanting experience, visit Guest Services to reserve extra tools that will bring your stargazing adventure to the next level.
